### **Nevada Mining Association hosting 27<sup>th</sup> Annual Southern Nevada Mineral Workshop**

**What:** The Nevada Mining Association will be engaging K-12 teachers in extended earth science education.

**Who:** Joseph Riney, the Director of Workforce Engagement for the Nevada Mining Association, is the man in charge of organizing the workshop; trained teachers and industry representatives will be leading the different educational sessions; and 140 K-12 teachers will be in attendance.

**Where:** Faith Lutheran Middle School & High School in Las Vegas, Nevada

**When:** Tuesday, March 22 from 7am to 5:10pm & Wednesday, March 23 from 7am to 5:30pm

**Why:** The Nevada Mining Association works towards bettering the education of our nation's youth. The workshop will educate teachers about the earth sciences and the role mining plays in our lives. They will gain an appreciation for the mineral industry and the importance of minerals for the society.
